Necessity for Security from Command Paymasters.

AUDIT OFFICE, OTTAWA, April 28, 1906.

SIR,—Referring to your method of paying through the Command Paymasters, let me call your attention to the following statement of their accounts:—

MARITIME PROVINCES COMMAND.

—	Advances during month.	Expenditure.	Unexpended balances at end of month.
1905.	$ cts.	$ cts.	$ cts.
July	11,100 00	10,797 27	302 73
August	20,144 05	13,706 59	6,740 19
September	22,674 55	19,991 86	9,422 88
October	36,253 00	23,624 35	22,051 53
November	33,175 98	42,327 27	12,900 24
December	57,332 13	42,871 03	27,361 34
1906.			
January	37,032 13	37,610 34	26,783 10
February	54,621 43	34,927 95	46,476 58

WESTERN ONTARIO COMMAND.

1905.	$ cts.	$ cts.	$ cts.
July	21,789 64	14,969 98	6,819 66
August	45,222 50	29,776 16	22,266 00
September	37,200 00	27,822 88	31,643 12
October	14,219 64	24,625 30	21,237 46
November	64,575 00	24,232 24	61,580 22
December	17,001 75	55,451 61	23,130 36
1906.			
January	16,659 01	32,013 19	7,776 18

You will notice that there is a large unexpended cash balance at the end of each month—much larger than would appear to be necessary from the fact that it is quite convenient to readily obtain any additional money required from the department.

In this connection I would ask if these paymasters give security and to what amount. This security is required, under the regulations, of every paymaster whose business it is to distribute public money.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, May 11, 1906.

SIR,—In reply to yours of the 28th ult., respecting balances at the credit of paymasters at close of month, I have the honour to say that every effort will be made to keep these down to the smallest amount, and paymasters have been instructed to make as close an estimate as possible each month when applying for funds for the various

services. At Halifax the large number of troops collecting there during the past few months or transferring from the army, made it difficult for the paymaster to estimate closely each month, while at Toronto funds for the pay of the city corps for their annual training, which were asked for rather sooner than necessary, caused a larger balance there in the month of November than should have been. Now that the various changes have been made and the paymasters in question are in a better position to handle their work, large balances will cease to exist.

As regards paymasters furnishing security; this is not customary in the army, but the question has been under consideration in the department for some time, and it is possible they may be required to furnish it.

I have the honour to be, sir, your obedient servant,

The Auditor General of Canada. L. F. PINAULT, Colonel. *D.M.M.D.*

Annual Drill—Efficiency Pay Irregularities.

AUDIT OFFICE, OTTAWA, January 2, 1906.

SIR,—Referring to your expenditure on account of Annual Drill, 1905-06, Lévis camp of 1905, the paylists for which have come to hand, there appears a number of over-payments in efficiency pay. From a cursory examination we find over-payments of this kind in the 1st Quebec Battery alone, to the amount of $199.70, although this pay-list, as do the others, bears the certificate of the inspecting officer that 'he has compared the names on this pay-list with the service roll of the corps and certifies that the officers,N.C. officers and men and horses entered thereon are entitled to pay under present regulations and orders governing pay and allowances.' This office, of course, must depend largely upon this certificate, as we cannot check the pay-lists accurately in detail without the service rolls of the various corps, and some local knowledge of the names thereon as well, and such a course would be impracticable.

I understand that a board was appointed to look into these irregularities at the Lévis camp, but have seen no record of it in any of your orders. Will you please let me know under what authority the board in question was appointed, and furnish this office with a copy of the minutes of proceedings and findings of the board, as well as the necessary explanation from the inspecting officer why the pay-lists were so certified by him under the circumstances. What action, if any, has been taken by your department to recover the money so overpaid?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, January 24, 1906.

SIR,—Please let me have an answer to my letter of the 2nd inst., relative to irregular payments on account of 'Efficiency Pay,' Lévis camp, 1905.

Yours truly,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, January, 27, 1906.

SIR,—With reference to your letters of the 2nd and 24th instant, relative to over-payments of efficiency pay to the 1st 'Quebec' Field Battery, I have the honour to inform you that a report has been called for, and I shall again communicate with you on the subject.

As regards the board you refer to as being appointed to investigate irregularities in the matter of pay at the last Lévis camp, the board in question was appointed to investigate irregular payments to certain members of the Ordnance Stores Corps, and that as a result, the officer responsible for the irregularities has been dismissed from the service.

I have the honour to be, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D.M.M.D.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, Feb. 10, 1906.

SIR,—I have the honour to inclose our departmental file, No. 48-19-12, with reference to the repairs to the quarters occupied by Lieut.-Colonel Boulanger while he held the appointment of senior ordnance officer at Quebec.

The account for $159.22 was incurred by Lieut.-Colonel Boulanger without authority, and if he were still in occupation of the quarters, it would not be recouped him. He has, however, been retired from our service, and it is considered, as the quarters have been improved to the extent of that amount, that the account might properly be made a charge against the public. This the Minister is prepared to do, and I shall be much obliged if you will inform me, as the expenditure was incurred last year, if it can be made a charge against this year's vote for like services, or whether it should be placed in the estimates.

I have the honour to be, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D.M.M.D.*

AUDIT OFFICE, Feb. 19, 1906.

SIR,—Let me acknowledge the receipt of your letter of the 10th instant and accompanying file No. 4203, relative to a claim of $159.22 for repairs to Lt.-Col. Boulanger's quarters, the repairs having been incurred without authority. In reply, I have to say that under the circumstances stated in your letter, I do not see any objection to the course proposed or to paying the claim from this year's vote.

I would suggest, however, that in view of the irregularities in pay at the Lévis camp, for which I understand this officer was wholly or in part responsible, that payment of the claim be deferred until these irregularities are settled.

I return herewith your file No. 4203.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, April 19, 1906.

SIR,—I have to remind you that I have not received the information referred to in my letters of Jan. 22 and Jan. 24 and your reply of Jan. 27, relative to over-payments in 'Efficiency Pay' at the last Lévis camp. Please expedite its return.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, April 25, 1906.

SIR,—With reference to your letter of the 19th instant, relative to over-payments in 'Efficiency Pay' at the last Lévis camp, I have the honour to inform you that the department has been endeavouring to obtain a statement showing the place and year of training, and corps with which trained, of all non-commissioned officers and men who trained as members of the 1st Field Battery at Lévis, but so far without success, as it is a very difficult matter to obtain the particulars. Attention has been called to the delay, and I shall furnish the information called for at the earliest practicable date.

I have the honour to be, sir, your obedient servant,

The Auditor General. L. F. PINAULT, Colonel, *D.M.M.D.*

AUDIT OFFICE, Ottawa, April 19, 1906.

SIR,—I notice that you are paying Lt.-Col. J. A. Morin, O.C. No. 7, O.S.C., Quebec, an allowance of $1 per day in lieu of quarters. The voucher states as a reason for the payment that Lt.-Col. Boulanger is still occupying his old quarters, and no other quarters are available for Lt.-Col. Morin, hence the necessity for the payment.

I presume Lt.-Col. Boulanger is the officer who was dismissed from the service on the ground of his being responsible for the irregularities in the matter of pay at the last Lévis camp; and if so, it seems remarkable that he should, after his dismissal, be allowed to continue occupation of government quarters and his occupation be the occasion of the payment of the allowance referred to.

Your letter of February 10, in reference to a claim by Lt.-Col. Boulanger of $159.22 for repairs, stated that if he were still in occupation of the quarters, it (the claim) would not be recouped him. It would appear that he was then in occupation of the quarters and is so still, according to the payment of the $1 per diem allowance referred to above.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, April 24, 1906.

SIR,—With reference to your letter of the 19th instant, relative to the payment of lodging allowance of $1 per diem to Lt.-Col. J. A. Morin, Ordnance Stores Corps, Quebec, I have the honour to inform you that the Minister authorized Mr. Boulanger to retain possession of the quarters until May 1 next, as it was considered that it

would be a hardship to insist on his vacating the quarters with his family in the middle of the winter. Payment of the allowance to Lt.-Col. Morin will therefore cease on the 30th instant.

As regards the claim for repairs, payment has been deferred in accordance with your letter of the 19th February last, but I may say that Mr. Dugal is pressing for a settlement. As the quarters will be available for another officer on the 1st of May, and the outlay by Mr. Boulanger represents so much less expenditure to put them in a good state of repair for that officer, I shall be glad if you will let me know if the claim cannot now be settled without further delay.

I have the honour to be, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D.M.M.D.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, June 11, 1906.

SIR,—With reference to previous correspondence relative to efficiency pay issued to members of the 1st Quebec Field Battery last year, I have the honour to say that after a great deal of delay a return has been furnished by the commanding officer, in compliance with instructions to him to furnish a statement showing where and when his men had trained in previous years, to entitle them to the efficiency pay issued to them, and that such return is absolutely worthless, as it is simply noted opposite each man's name 'Drilled in other corps, 1903 and 1904.'

It is quite evident that the officer commanding the battery is unable to furnish the statement required.

Steps are being taken to insure that efficiency pay shall not be issued for the ensuing annual training until it is clearly established that the militiamen concerned are entitled to it.

I have the honour to be, sir, your obedient servant,

The Auditor General. E. F. JARVIS, *Acting D.M.M.D.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, June 11, 1906.

SIR,—On February 10 and April 24 this year I wrote you respecting an account of $159.22, incurred by Lt.-Col. Boulanger in connection with repairs to quarters occupied by him as senior ordnance officer without authority.

Part of these quarters are now occupied by Lieut. Sullivan, Ordnance Stores Corps, and I shall be much obliged if you will let me know if ths account can not now be paid.

I have the honour to be, sir, your obedient servant,

The Auditor General. E. F. JARVIS, *Acting D.M.M.D.*

AUDIT OFFICE, OTTAWA, June 12, 1906.

SIR,—I am in receipt of your letter of the 11th instant, relative to an account of $159.22 for repairs to quarters occupied by Lt.-Col. Boulanger.

In reply I may say that I have nothing to add to my letter of February 19, 1906, in which it was stated that I did not see any objection to the course proposed, as I considered that a matter of policy with which this office was not concerned, and in which it was suggested that payment of the claim be deferred until any over-payments of pay for which this officer was responsible were settled.

Please let me know what position this officer now holds. I understand that he has been restored to his former rank in the active militia.

I have not yet received a copy of the minutes of proceedings and findings of the board appointed to investigate the irregularities for which this officer was responsible. These were asked for in my letter of January 2, 1906.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, June 15, 1906.

SIR,—With reference to your letter of the 12th instant, with further reference to the account for repairs to quarters in Quebec lately occupied by Lt.-Col. Boulanger, and to that officer's position at the present time, I have the honour to say that Lt.-Col. Boulanger petitioned His Excellency to have his former rank in the militia, which he was not allowed to retain when his services were dispensed with, restored, and that His Excellency approved of his rank being restored. I enclose herewith a copy of the notification which appeared in the General Orders.

While Lt.-Col. Boulanger's rank was restored, he was not reappointed to the Ordnance Stores Corps, and he is not now in any way employed by this department. I also enclose a copy of the proceedings of the board assembled to report on the irregularities in connection with which he was retired, in compliance with the last paragraph of your letter. I may say, in this connection, that Lt.-Col. Boulanger has made restitution of the payments shown to have been irregularly drawn.

I have the honour to be, sir, your obedient servant,

The Auditor General. E. F. JARVIS, *Acting D.M.M.D.*

Military Properties—Method of Carrying on Repairs to Walls, Quebec.

AUDIT OFFICE, OTTAWA, April 3, 1906.

SIR,—Let me call your attention to two accounts of Thos. Powers, Lévis, for pointing, masonry, &c., at Fort No. 3. These accounts were paid by your cheques Nos. 1508 for $2,316.54 and 2126 for $1,116.07. In the former account there is a charge for supervision of 20 per cent of the total account, while in the latter the 20 per cent does not cover the materials. Please let me have a copy of your contract with Mr. Powers in connection with this work.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, April 10, 1906.

SIR,—With reference to your letter of the 3rd instant, relative to two accounts of Thomas Powers for pointing, masonry, &c., at Fort No. 3, I have the honour to say that the work was not performed by contract, as it is a very difficult matter to have such work done by contract, it being impossible to estimate the repairs necessary.

I may say, for your information, that formerly there was allowed for work done at Quebec and Lévis 20 per cent on materials as well as labour, the contractors being obliged to do the necessary supervision; but this was stopped last summer, the change taking effect on August 1, 1905. Our Superintendent of Military Works at Quebec now orders the materials, and the percentage is being allowed only on labour. The payment of $2,316.54 was for work done during July prior to the change, and, therefore, includes the percentage on materials.

I have the honour to be, sir, your obedient servant,

The Auditor General. E. F. JARVIS, *Acting D.M.M.D.*

AUDIT OFFICE, OTTAWA, April 24, 1906.

SIR,—In further reference to the subject of my letter of the 3rd instant and your reply of the 10th, *re* accounts of Thos. Powers, Lévis, in which letter you state that this and similar work there is not performed by contract, please let me know what arrangement obtains in connection with the work done by this and other contractors at Quebec and Lévis.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, April 30, 1906.

SIR,—In reply to your letter of the 24th instant, relative to the arrangements obtaining at Quebec and Lévis in connection with works and repairs to the fortification walls, I have the honour to say that until such work is actually commenced there is no way of determining the extent to which it must be carried on, as only the outside of the walls can be seen. The work is therefore given, and the parties performing it provide and supervise the labour, which the department pays for at market rates. Previous to August 1, 1905, the material was purchased by the parties performing the work. The whole work is generally supervised by an officer of the department and when it is completed, accounts are sent in, examined and certified to. Previous to August 1, 1905, the parties to whom the work was given were allowed 20 per cent profit on labour and material. They are now allowed 20 per cent on the labour only, as the material is provided by the department.

I have the honour to be, sir, your obedient servant,

The Auditor General. L. F. PINAULT, Colonel, *M.M.D.*

Petawawa Camp Lands—Method of Purchase.

AUDIT OFFICE, OTTAWA, Feb. 14, 1906.

SIR,—In your statement of cheques drawn against the letter of credit for January last there is one, No. 6576 for $40,471.68, in favour of Albert T. Mackie and J. G. Forgie for purchase of lands for Petawawa camp grounds.

In this connection I should like to be furnished with a sketch of the territory included in the camp grounds, a list of the parties from whom the land was purchased, with the price paid to each party and the means adopted to ascertain the value of the lands purchased.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, April 4, 1906.

SIR,—I have to remind you that I have not received an answer to my letter of Feb. 14, 1906, asking for certain information in reference to a payment by cheque No. 6576 for $40,471.68 to Albert T. Mackie and J. G. Forgie for lands for Petawawa camp grounds.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, April 6, 1906.

SIR,—In reply to your letters of February 14, and the 4th instant, relative to the acquisition of land at Petawawa as a site for a central camp, I have the honour to inclose, herewith, a blue print plan showing the area to be acquired. Only 4,272 acres of this area have been as yet purchased, which is but a small part of the whole.

I also inclose a list of former owners of the lots purchased, and the price paid in each case.

*For list and prices paid see Page Q—

As regards the means adopted to ascertain the value of the lands purchased, I have to say that circumstances compelled our proceeding differently than usual, in this case.

Before the authority of His Excellency in Council was obtained to acquire the lands, whether compulsorily or as a result of negotiations, it was decided, after an officer of the headquarters staff had seen many of the owners, to have this year's training of the artillery at Petawawa. That officer, from the replies he received from the owners, was able to report that there would be no difficulty in arranging for the training at a very small cost.

When the troops assembled it became evident that somebody had been among the owners, as they refused to allow the training to proceed without their being paid what were considered exorbitant demands. Lieut.-Colonel Rutherford, of the Headquarters Staff, who was at Petawawa in connection with the training, immediately came to Ottawa, late on the night of September 9, accompanied by Mr. A. T. Mackie, one of the most prominent residents of Pembroke, and went to Colonel Pinault's residence where the whole situation was thoroughly discussed. The undersigned was telephoned for, and

was present during the greater part of the discussion. Lieut.-Colonel Rutherford and Mr. Mackie brought a memorandum showing what certain of the owners would take. Rather than to abandon the training, it was decided to proceed at once, if the Minister approved, with the acquisition of the land. The following telegram was immediately despatched to the Minister, who was on an official trip to the Pacific coast, viz.:—

'Settlers at Petawawa claim large indemnity for disturbance, over two thousand dollars, and some wont move unless properties purchased. Mr. Mackie has obtained options from all for thirty-six thousand dollars, representing twenty-five hundred acres of best farm lands. Am advised price very reasonable. Shall I instruct Mackie to close with them. Pending practice held up.'

It will be seen that the Minister was told, from the best information available, that 2,500 acres would cost $36,000, or $14.40 per acre. We actually acquired 4,272 acres for $40,340.96, including legal expenses and interest, or $9.44 per acre.

To make good terms with the owners it was absolutely necessary to have cash to pay them on the spot, and as there was no way of obtaining money out of the parliamentary appropriation until the titles had been searched, we could not have proceeded without such assistance as Mr. Mackie rendered. His only concern in the matter has been a keen interest in having the camp located in the neighbourhood, and in the militia, his brother being the commanding officer of the 42nd Regiment. He has taken a great deal of trouble and given much of his valuable time to assist us, which the department very much appreciated.

I regret having taken up so much of your time to explain this transaction, but have thought it well to furnish full particulars. If you wish any further information I shall be glad to go over to see you.

I have the honour to be, sir, your obedient servant,

The Auditor General. E. F. JARVIS, *Acting D.M.M.D.*

AUDIT OFFICE, OTTAWA, April 10, 1906.

SIR,—Let me acknowledge the receipt of your letter of the 6th instant inclosing blue print plan *re* Petawawa central camp grounds. Referring to the 4th paragraph of your letter, in which you state that an officer of the Headquarters Staff, after having seen many of the owners, reported that there would be no difficulty in arranging for the 1905 training at a small cost, please furnish me with a copy of the report referred to. I should also like to see the memorandum of Lt.-Col. Rutherford and Mr. Mackie, showing what certain owners would take, referred to in the 5th paragraph of your letter. Please forward as well all the deeds, options and other papers in your possession in connection with the transfer from the original owners to Mr. Mackie and from Mr. Mackie to the crown. These will be returned to your department after inspection by this office.

The memorandum of lots purchased sent me shows an outlay of $39,760, while the payment to Albert T. Mackie and J. G. Forgie was for $40,471.68, a difference of $711.68, which is still unaccounted for. This amount of $40,471.68 is exclusive of Mr. Forgie's expenses, which amount to $890.55 (cheque No. 6577), so that the total cost of the 4,272 acres would be $41,361.23, and not $40,340.96, as stated in your letter.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, April 12, 1906.

SIR,—In reply to your letter of the 10th instant, with further reference to the acquisition of lands at Petawawa as a site for the central camp, I have the honour to say that a return of the correspondence, &c., is being prepared to be laid on the table of the House of Commons, which will be done not later than the end of next week, and that if you will wait until then a copy of the return will be sent you for your use. It is considered that with copies of the whole of the papers before you further explanations will be rendered unnecessary.

In the meantime, I may say, for your information, that the $711.68, referred to in the last paragraph of your letter, was interest on Mr. Mackie's note in the Bank of Ottawa, being money advanced for the purchase of these lands.

Your statement that the total expenditure, including all legal expenses, was $41,361.23, instead of $40,340.96 as stated in my letter of the 6th instant, is quite correct, and I regret the error, but I would invite your attention to the fact that the correction increases the price per acre from $9.44 to $9.68 only, which price must be admitted is a moderate one for good farming lands with quite a number of farm-houses and outbuildings thereon.

I have the honour to be, sir, your obedient servant,

The Auditor General. E. F. JARVIS, *Acting D.M.M.D.*

Charlottetown Rifle Range—Method of Purchase.

AUDIT OFFICE, OTTAWA, June 7, 1906.

SIR,—Referring to your May expenditure, I notice this payment chargeable to 'Lands for Military Purposes, &c.':

(Capital.)

A. B. Warburton and F. L. Haszard, K.C..... .... $13,035 00
purchase of land for Charlottetown rifle range.

Please let me have a description of the property purchased and a statement showing how the price paid was arrived at.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, June 13, 1906.

SIR,—In reply to your letter of the 7th instant, requesting a description of the property purchased from Mr. A. B. Warburton, Charlottetown, for rifle range purposes, and a statement showing how the price paid was arrived at, I have the honour to inclose herewith a copy of a valuation of Messrs. F. W. Hyndman and T. A. MacLean, who were appointed to value this property, dated 3rd May, 1905; also a letter from them, dated 12th of the same month, in reply to a letter from this department requesting details as to the mode by which they arrived at their valuation, as shown in their letter of the 3rd of May. I also inclose a copy of a report which the undersigned made to the Deputy Minister of Militia on the 21st August, 1905, relative to the acquisition

of this land; also a blue print which will help you the more readily to understand the case. This piece of land is immediately adjacent to the city of Charlottetown. The firing points are at the city boundary, if not actually within the boundary.

I am, sir, your obedient servant,

The Auditor General. E. F. JARVIS, *Acting D.M.M.D.*

CHARLOTTETOWN, P.E.I., May 3, 1905.

SIR,—In compliance with your letters of 22nd April, the undersigned have the honour to report to you for the information of the Minister of Militia their valuation of the property known as 'Kensington rifle range,' near Charlottetown, as follows:—

In company with Lieut.-Col. Moore and other militia officers we visited the range, commencing at the proposed 900-yard butt, and went carefully over the whole ground, and after allowing a large discount for cash, and without allowance for compulsory taking, we place the valuation at $13,030. This estimate is made with the understanding that the 400 and 500 yards butts are removed to a place within the line of range from 900 yards to the targets; but if the 400 and 500 yards butts are retained in their present positions, we increase the sum to $14,230.

We have not here made a detailed statement showing the mode by which we have arrived at this conclusion, but we can supply the details if required.

The militia officers who accompanied us having remarked that the high ground taken for range purpose would suit admirably for a camp ground, we accompany this report with a valuation in case the department should decide to obtain possession of the land for that purpose.

We are, sir, your obedient servants,

(Signed) FRED W. HYNDMAN,

T. A. MACLEAN.

To the Secretary Militia Council,
Headquarters, Ottawa.

CHARLOTTETOWN, P.E.I., May 12, 1905.

SIR,—I beg to acknowledge the receipt of your communication dated 6th May instant, having reference to the valuation of property, which the department is considering the advisability of procuring as a rifle range, and asking for the details showing the mode by which the appraisers (Mr. T. A. MacLean and myself) arrived at the amount reported in your joint letter of date 3rd May instant, and addressed to you.

In order to explain clearly the manner by which we arrived at our decision, it will be necessary to refer you to a plan which was placed in our hands by Mr. Warburton, and which plan I forward under separate cover, and request you will be good enough to return it to me after examination.

Standing at the 900 yards butt, and looking over the proposed range, I decided that all the property within seven degrees of either side of the straight line drawn

direct from the butts to the target, would practically become destroyed, as for residential purposes. The land east of Park Street might possibly be used for vegetable growing, but that even is very doubtful.

Mr. Warburton's land commences at the dyke immediately behind the 800-yard butt, and extends over the whole ground to the target, with the exception of the railway track, which I presume the Government has settled for with the owner.

From the dyke named to the railway (marked A) there are about three and two-third acres appropriated, the part north of the range being entirely isolated by railway and range.

This I value at $1,830, taking as guide the price allowed by the Exchequer Court for railway damages...	$1,830 00
From the railway to Park Street (marked B), about 5½ acres are appropriated or rendered valueless for other purposes, and, being low land, I value at..	2,750 00
From Park Street to the target and river on right and behind it (marked C), there are about 16 acres, which are all high, dry land, and suitable for residences, having the only available shore front near the city, I value at $800 per acre..	12,800 00
Making in all..	$17,380 00
From this I deduct 25 per cent in consideration of immediate cash sale being made..	4,345 00
Net..	$13,035 00
The above estimate is made with the understanding that the 400 and 500 yards butts will be removed within the lines of range already described. If those butts are retained in their present position on the plan, I estimate additional damage at..	$1,200 00
	$14,235 00
It having been suggested that the whole site, including the section marked D (or all east of the railway) might possibly be taken for militia camp ground, I add to the foregoing the sum of..	$3,900 00
And this makes in all..	$18,135 00

I would say, in addition to the foregoing, that the shore front extending from the railway to the target is the only available shore front near Charlottetown, and is particularly desirable as a residential property, and for that purpose can never come into use if the rifle range is located where proposed.

Mr. Warburton has been disposing of building lots on this property at the rate of $1,100 to $1,200 per acre.

I have the honour to be, sir, your obedient servant,

(Signed) FRED. W. HYNDMAN.

I fully concur in the foregoing report.

(Signed) T. A. MacLEAN.

CHARLOTTETOWN, August 21, 1905.

Kensington (Charlottetown) Rifle Range.

Being in Charlottetown during the recent meeting of the Provincial Rifle Association, I had an opportunity of judging the necessity for additional rifle range accommodation.

There is keen interest taken in rifle shooting here, as is evidenced by the attendance at the recent meeting, there being exactly 150 competitors. For this large number of competitors there were but six targets. The matches were brought to a close at 7 p.m. the third day, but this was only accomplished by concentrating three matches in one towards the close. The lack of accommodation is a serious source of complaint, and sufficient targets to enable the matches to be completed in two days are an absolute necessity, otherwise there is bound to be a falling off in the attendance at the annual meeting, and consequently in rifle shooting throughout the district. On the other hand, if the matches can be concluded in two days, there will be an increase in the number of competitors.

Site.

There is not a Government-owned rifle range in No. 12 district, nor has the Government, except by the usual grants provided by regulations, assisted in providing a sigle range. There is a feeling, therefore, that the question of expense should not be allowed to stand in the way of acquiring the necessary land, and the construction of the proposed range as a Government range here. I have discussed the suitability of this site and the practicability of an alternative site, with the district officer commanding, the president and secretary of the Provincial Rifle Association, and others, and all concerned are not only in favour of the present site, but say it would kill rifle shooting if any other site should be selected, owing to its inaccessibility.

Suitability of Present Site.

At present the longest range is 600 yards only, and the land under lease, with the butts placed where they now are, will admit of an 800 yard range only. A lot adjoining, said to be held in trust for the Indians, the title of which is bad, could, it is thought, be acquired if the legislature would straighten out the matter of the title. This would provide a 900 yards range. To provide 1,000 yards, the firing would have to be done from the top of a pork factory, which those concerned say would be a satisfactory arrangement. Little or no importance appears to be attached to shooting beyond 800 yards. Some 5,600 cubic yards of excavating will be necessary, but this earth will be required to construct the stop butts, and to fill in around the firing points at 600 and 800 yards, which is low land. It has been suggested to place the stop butts on the shore beyond high water line. This would render the range much safer, and, probably, would provide a 1,000 yards range by acquiring only the land owned by Mr. Warburton, the acquisition of which is before the department. This proposal would involve a very large expense, and some consider it impracticable on that account. It is, however, worth looking into. As regards safety of the present line of fire, while the land across the bay in rear of the butts remains the dense wood it now is, it may be considered absolutely safe for ordinary rifle practice, except at a point known as Strawberry Point, which projects out into the bay in rear of the butts.

Price.

I have seen Mr. Warburton, the owner, and asked him for an option on the property at the lowest figure he will except. He will sell what is required for the range. plus three or four acres between the range and the exhibition buildings, which would

be so cut off by the construction of the range as to be rendered valueless, the whole estimated at about 26 acres, at the price placed upon it by the two valuators, Messrs. Hyndman and MacLean, viz.:—$13,035. I find that the valuators are both prominent men and citizens in whose judgment the people would have confidence.

Land Expropriated for Railway Purposes.

The Department of Railways and Canals has recently expropriated land for a branch of the P.E.I. Railway, across the range, immediately in front of the present 600 yards firing point. This case is now before the Supreme Court. The owner of the land at first asked $21,000 for the whole of his property (rifle range included) estimated at 42 acres. That offer was not accepted, and three valuators were appointed to value the part actually required for railway purposes, estimated at five acres. They valued that area, and the depreciation in the value of the remaining land, at $19,000. The part required (about five acres) was then expropriated, and the Exchequer Court judge awarded $5,000 compensation. An appeal has been entered and, pending its being heard, negotiations for a settlement are being carried on.

Recommendation.

In view of the foregoing, I strongly recommend that we purchase of the Warburton property, the land actually required for the range, and the piece lying between it and the exhibition buildings, referred to above, and that a new range of at least twelve targets be constructed in time to be available for next year's shooting.

As regards the price, it appears to me that the Government's interests might be best served by the Departments of Railways and Canals and our own working in conjunction. In addition to the unsettled case referred to above, it is possible that the Department of Railways may require the property, or part of it, still remaining, after we have acquired what we require. If nothing is to be gained to the Government by the two departments working jointly, I do not see that anything remains but to close with Mr. Warburton at Messrs. Hyndman and MacLean's valuation, viz.:—$13,035.

I consider it improbable that the land would be obtained for a lower price should we expropriate.

E. F. JARVIS, *Chief Clerk.*

And Member of Committee on Rifle Range Sites.

The Deputy Minister of Militia and Defence.

Sydney Mines Strike-Expenditure to be Refunded by Municipality.

AUDIT OFFICE, OTTAWA, November 18, 1905.

SIR,—Referring to your expenditure on account of Sydney mines strike amounting to $7,809.09, less $2,500 refunded by the municipality, please let me know if the balance, $5,309.09, has come to account, and if not what steps have been taken under section 87 of the Militia Act of 1904 to recover the same.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, November 21, 1905.

SIR,—With reference to your letter of the 18th instant, relative to expenditure on account of the Sydney Mines strike, I have the honour to inform you that the Department of Justice was instructed on the 27th of February last to take proceedings against the municipality to recover the balance unpaid.

I have the honour to be, sir, your obedient servant,

The Anditor General. L. F. PINAULT, Colonel, *D.M.M.*D.

Ross Rifles—Gauge Contract.

AUDIT OFFICE, OTTAWA, December 1, 1905.

SIR,—Referring to your payment of $16,000 to Sir Charles Ross in 1904-05 on account of gauge contract, please let me know if the two sets of gauges referred to have been supplied and accepted. The contract states that they were to be supplied within eight months from the date of the acceptance of the tender, April 29, 1903.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, December 19, 1905.

SIR,—With reference to your letter of the 1st instant, relative to payments on account of the contract with the Ross Rifle Company for gauges, I have the honour to say that the payment of $16,000 to which you refer, was made on the certificate of the Inspector of Small Arms that more than half of the work of the contract had been performed, and that half of the gauges had been actually delivered.

As to the balance still to be paid under the contract, while the department will no doubt be obliged to pay it, the delivery of the balance of the gauges has not been pressed, as a new pattern of rifle, known as Mark II, has been adopted in the place of the pattern for which the gauges were contracted for. Sufficient gauges have been delivered for the former Mark I. pattern, and for Mark II. they are not required at all.

I have the honour to be, sir, your obedient servant,

The Auditor General. L. F. PINAULT, Colonel, *D.M.M.D.*

AUDIT OFFICE, OTTAWA, January 29, 1906.

SIR,—With reference to your letter of December 19 last, relative to payments on account of the contract with the Ross Rifle Company for gauges, in which you state: 'As to the balance still to be paid under the contract, while the department will no doubt be obliged to pay it, the delivery of the balance of the gauges has not been pressed, as a new pattern of rifle, known as Mark II, has been adopted in the place of the pattern for which the gauges were contracted for. Sufficient gauges have been delivered for the former Mark I. pattern, and for Mark II they are not required at all.'

I beg to say that as the Ross Rifle Company has failed in the fulfilment of the contract there is a doubt in my mind as to the government being liable for any further payment in this connection.

I have, therefore, to request that no further payment be made on the contract out of your letter-of-credit and that you obtain the opinion of the Department of Justice as to the liability of the government in the matter.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, March 13, 1906.

SIR,—With reference to your letter of January 29, relative to further payments to the Ross Rifle Company on account of gauges contracted for by this department, in which you request that the opinion of the Department of Justice as to the liability of the government in the matter, should be obtained, I have the honour to inclose, herewith, a copy of Mr. Newcombe's opinion obtained in accordance with your request, from which it will be seen that there is liability on the part of the government.

I also inclose the company's account for the balance due on December 12 last, and shall be glad to know if it will be passed by you in the way in which it has been prepared. The company has been requested to furnish more details but it has not done so, and claims that there is nothing further to furnish.

I have the honour to be, sir, your obedient servant,

The Anditor General. L. F. PINAULT, Colonel, *D.M.M.D.*

OTTAWA, March 9, 1906.

SIR,—Referring to your letter of the 27th ultimo, 72-15-2, with respect to the contract with the Ross Rifle Company for rifle gauges, I beg to state that if, as the papers seem to show, it is true that the work was stopped upon this contract when and because (I assume at the instance of the government) the pattern of rifle to be furnished by the Ross Rifle Company was changed from Mark I to Mark II, the gauges contracted for not being of any use in connection with the Mark II. rifle, I am of opinion that the contractors are entitled to be paid for the work done by them *quantum meruit* having in view the terms of the contract. The measure of the amount to be paid them should be their necessary expenditure under the contract plus such allowance for contractors' profit as the facts warrant. Thus if an estimate can be made of the profit which they would have received if the contract had been fully performed so much of such estimated profit might be allowed as bears to the actual necessary expenditure the ratio which such estimated profits bears to the total expenditure which would have been incurred if all the gauges contracted for had been manufactured and delivered.

Papers returned herewith.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Militia and Defence. E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, March 19, 1906.

SIR,—I have to acknowledge receipt of your letter of the 13th instant and accompanying papers relative to the claim of the Ross Rifle Company for further payment on account of gauges; also, the opinion of the Deputy Minister of Justice in reference to the same.

I have to request that you will send me a copy of your letter submitting the case to the Department of Justice, a copy of your instructions to the Ross Rifle Company asking them to stop work on the gauges when it was discovered that the gauges would not be required, a statement showing the number of completed gauges at that time, and the value of work and material, if any, on partially completed gauges; also, the certificate of the inspecting officer as to the value of work performed and articles delivered.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, March 23, 1906.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th instant, relative to the claim of the Ross Rifle Company for further payment on account of gauges and in compliance with your request therefor, I inclose to you, herewith, a copy of my letter, dated 27th ult., submitting the case to the Department of Justice for an opinion as to the liability of the Militia Department for the balance claimed by the company.

The instructions to the Ross Rifle Company to stop work on the gauges was a verbal one only and no record of the exact date on which notice was given has been kept. In this connection you might refer to the last paragraph of my letter of December 19 last.

The other information you ask for respecting the number of gauges, the value of work and material, &c., will be forwarded you as soon as the final claim is received from the contractors after being certified by the inspector.

I have the honour to be, sir, your obedient servant,

The Auditor General. L. F. PINAULT, Colonel,*D.M.M.D.*

February 27, 1906.

SIR,—I have the honour to transmit to you, herewith, our departmental file of papers No. 72-15-2 in connection with a contract entered into by this department on May 29, 1903, with Messrs. The Ross Rifle Company for two sets of rifle gauges for use in the inspection of Ross rifles.

In the file will be found a letter, dated 29th ultimo, from the Auditor General who therein states:—

'I beg to say that as the Ross Rifle Company has failed in the fulfilment of the contract there is a doubt in my mind as to the government being liable for any further payment in this connection.

'I have therefore to request that no further payment be made on the contract out of your letter-of-credit and that you obtain the opinion of the Department of Justice as to the liability of the government in the matter.'

Would you kindly let me have, at your earliest convenience, an opinion from your department as to the liability of the government for payment of any further balance to the contractors; will you please return the file at the same time?

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Justice. L. F. PINAULT, Colonel, *D.M.M.D.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, March 30, 1906.

SIR,—With further reference to your letter of 19th instant, and in continuation of mine to you of 23rd idem, I now inclose to you, herewith, the statement asked for by you wherein is shown the number of gauges—359—completed by the Ross Rifle Company on account of the order therefor given by this department; there is also a statement attached showing the number of gauges—130—not completed but for which the drawings were made and the material purchased. All these statements are, you will observe, certified by a chartered accountant as well as by an officer of this department.

It is proposed to issue at once, in accordance with the opinion of the Justice Department as set forth in the last two sentences of their letter of 9th instant (a copy of which was sent you on 13th idem), a cheque for the balance of the claim, viz.:—$10,237.63, unless I receive from you an objection thereto.

I have the honour to be, sir, your obedient servant,

The Auditor General. L. F. PINAULT, Colonel, *D.M.M.D.*

AUDIT OFFICE, OTTAWA, March 30, 1906.

SIR,—I have to acknowledge receipt of your letter to-day in reference to the final settlement for gauges supplied by the Ross Rifle Factory.

In reply I beg to say that I have not had time to have the various statements examined, and until this is done I cannot say anything further than that the basis of settlement appears to be a fair one.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

Re Militia Pensions Revenue.

AUDIT OFFICE, OTTAWA, November 15, 1906.

SIR,—Upon examination of the Militia Pensions Revenue 1905-06, I find that nothing has come to account from pensioned officers.

Please let me know if these deductions were made, and if so, why application was not made to credit them to the revenue of 1905-06.

As the books are now closed, it will not be possible to show in my report that any contributions have been received from these officers during the year.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, November 19, 1906.

SIR,—In reply to your favour of 15th instant, I beg to say that a preliminary statement was sent to your department unofficially, some weeks before the closing of the books for 1905-06, with a request that it might be examined and returned for official action, but it was not returned; the deductions, however, were duly made from the respective pensions, as per statement enclosed.

I have the honour to be, sir, your obedient servant,

The Auditor General. E. F. JARVIS, *Acting D.M.M.D.*

Statement of Militia Pension deductions for the year 1905-06, under the provisions of subsection 3, of section 5, Militia Pension Act, 1901.

Re Mounted Police Pensions.

AUDIT OFFICE, OTTAWA, November 20, 1906.

SIR,—Abatements from the salary of Asst. Commissioner McIllree ceased in December last, he having completed 35 years' service. This officer was formerly on the superannuation list, and if he paid abatements from his salary continuously from the time the Superannuation Act came into force he would not be asked to pay any further abatements after 35 years' service. Has he done so?

But there is some question whether this provision applies to an officer who has become entitled to the benefits of the Mounted Police Act.

In any case he should continue to pay 3 per cent of his salary, the difference between the pension rate and the superannuation rate. See Pension Act, 2 Edward VII., chapter 22, section 17, subsection 2.

I am, sir, your obedient servant,

The Comptroller, R.N.W.M. Police. J. FRASER, *A.G.*

ROYAL NORTHWEST MOUNTED POLICE, OTTAWA, December 29, 1906.

SIR,—Referring to your letter of 20th ulto., *re* the pension status of Asst. Commr. J. H. McIllree.

This officer has already paid superannuation, either in the inside service at Ottawa, or in the Mounted Police, for the 35 years required by statute; in fact for more than that period, in order to make his case quite safe.

I think there can be no question that he is entitled to the full benefit of 35 years service, as provided by the Mounted Police Pension Act.

You say that in any case he should continue to pay 3 per cent of his salary, the difference between the pension rate and the superannuation rate, as provided by section 17, subsection 2, Edward VII., chapter 22.

In my judgment, paragraph *c* of section 17 of the Pension Act, to which you refer, should be read in connection with subsection 2 of section 4, under which deductions to make up deficiencies are not to commence until after an officer is pensioned.

I inclose, herewith, a statement of the pension deduction account of Asst. Commr. McIllree, as it would be forwarded to you if he now became a subject for pension. My contention is that the deductions should not commence until he actually becomes a pensioner, and should then be made from the periodical payments of his pension.

I shall be glad if you will give this subject your serious consideration, so that we may avoid misunderstanding between our respective departments, and irritation on the part of the pensioner later on.

I have the honour to be, sir, your obedient servant,

The Auditor General. FRED. WHITE, *Comptroller.*

Statement showing amount to be deducted from the pension of Assistant Commissioner J. H. McIllree, of the Royal Northwest Mounted Police, under section 4, paragraph 2, 2 Edward VII., cap. 22, 'The Mounted Police Officers Pension Act, 1902.'

Pay drawn while serving in ranks—		
Constable, November 3, 1873, to March 31, 1874;		
149 days at $1	$	149 00
Pay drawn as Inspector—		
From April 1, 1874, to January 23, 1882; 7 years,		
9 months and 23 days at $1,000 per annum.. ..		7,811 79
Pay drawn as Superintendent—		
From January 24, 1882, to October 31, 1892; 10		
years, 9 months and 8 days at $1,400 per annum		15,080 04
Pay drawn as Assistant Commissioner—		
From November 1, 1892, to June 30, 1902; 9 years		
and 8 months at $1,600 per annum		15,466 64
Total pay—28 years, 7 months and 28 days		$38,507 47
Average yearly pay for 28 years on $38,507.47 = $1,375.26;		
5 per cent of $1,375 for 1 year = $68.76.		
For 28 years' service		$1,925 28

By stoppages made from pay on account of superannuation from 1886-7 to 1901-2:—

Fiscal year 1886-7	$115 63	
1887-8	167 96	
1888-9	78 45	
1889-90..	28 00	
1890-1..	28 00	
1891-2	28 00	
1892-3	30 31	
1893-4	32 00	
1894-5..	32 00	
1895-6..	32 00	
1896-7	32 00	
1897-8..	32 00	
1898-9..	32 00	
1899-1900..	32 00	
1900-01..	32 00	
1901-2..	32 00	
		764 35
		$1,160 93

To be stopped anually from pension for 28 years, $1,160.93 ÷ 28 = $41.46 per annum, or $3.45 per month.

AUDIT OFFICE, OTTAWA, January 3, 1907.

SIR,—I have received your letter of the 29th ult., in reference to abatements from salary of Asst. Commissioner McIllree.

As the question is a matter of the legal interpretation of the Act, I will submit it to the Department of Justice for its decision.

I may point out that according to the statement accompanying your letter, this officer entered the service November 3, 1873, in which case his 35 years' service would not be reached till 1908.

I am, sir, your obedient servant,

The Comptroller of R.N.W.M. Police. J. FRASER, *A.G.*

ROYAL NORTHWEST MOUNTED POLICE,

OTTAWA, January 4, 1907.

SIR,—I have the honour to acknowledge receipt of your letter of yesterday's date, in which you inform me that you will submit to the Department of Justice the question of the abatements from the salary of Assistant Commissioner McIllree, as it is a matter of the legal interpretation of the Act, and further calling to my attention that this officer entered the service on November 3, 1873, according to the statement forwarded with my letter of the 29th ultimo.

Assistant Commissioner McIllree joined the Mounted Police on November 3, 1873, but prior to that date he served as a third class clerk in the Department of Marine and Fisheries from November 14, 1870, to September 30, 1873, and as such contributed to the Superannuation Fund. He had therefore on November 14, 1905, completed 35 years' service, less a small blank from October 1 to November 2, 1873. He continued to pay pension deductions to December 31, 1905, to make up the broken time between October 1 and November 2, 1873.

I have the honour to be, sir, your obedient servant,

The Auditor General. FRED. WHITE, *Comptroller.*

AUDIT OFFICE, OTTAWA, January 3, 1907.

SIR,—The Mounted Police Pension Act, 2 Edward VII., chapter 22, section 4, provides that an abatement of 5 per cent shall be made from the salary of every officer, such deduction not to be made during more than 35 years service. Section 17, subsection 2, provides that any deduction paid into the Civil Service Superannuation Fund may be counted as part of the 5 per cent abatement.

A case has arisen of an officer who has performed 35 years' service, during 31½ of which he paid abatements of 2 per cent under the Superannuation Act, and 3½ at 5 per cent under the Mounted Police Act. Deducting the amount paid under the former Act from the amount called for by the latter Act, he still owes $1,160.93.

I beg to submit for your decision as to which of the following proceedings is proper under the Act:—

(1) That he shall continue to pay 5 per cent as long as he remains in active service till the arrears are paid.

(2) That he shall only pay 3 per cent instead of 5 per cent as above.

(3) That he shall pay no more abatements while in active service, and commence to pay the arrears when placed on the retired list.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. FRASER, *A.G.*

DEPT. OF JUSTICE, OTTAWA, January 15, 1907.

SIR,—I have the honour to acknowledge receipt of your letter of the 3rd instant, in which you ask for an opinion as to the effect of the Mounted Police Officers' Pension Act, 1902, chapter 22, of the statutes of that year, as it applies to a case the particulars of which you state.

I understand that the officer in question was appointed to the force many years before the Act came into force, that he elected under subsection 2 of section 17 of the Act to accept the provisions of the Act, and that he has been subject to a deduction from his salary for pension purposes in the aggregate for 35 years, that is to say, a deduction of 2 per cent for 31½ years under the Civil Service Superannuation Act, and a deduction of 5 per cent for 3½ years under the Mounted Police Officers' Pension Act. Deducting the amount paid under the former Act from the amount called for by the latter Act, you state that he still owes $1,160.93.

You ask for my decision as to which of the following proceedings is proper under the Act:—

(1) That he shall continue to pay 5 per cent as long as he remains in active service till the arrears are paid.

(2) That he shall only pay 3 per cent instead of 5 per cent, as above.

(3) That he shall pay no more abatements while in active service, and commence to pay the arrears when placed on the retired list.

In reply I beg to state as follows:—

Section 3, subsection 6, provides that time served in the Civil Service of Canada, by which is evidently meant the civil service within the meaning of the Civil Service Superannuation Act, which could be reckoned for the purposes of that Act, may be included in an officer's term of service for the purposes of the Pension Act, and section 17, subsection 2, provides that any deduction made from the pay of an officer towards the Civil Service Superannuation Act may, if such officer elects to accept the provisions of the Pensions Act, be counted as part of the 5 per cent deduction required by section 4 of the latter Act. Section 4, subsection 1, provides that a deduction towards making good the pensions provided for by the Act shall be made from the pay of every officer at the rate of 5 per cent per annum on such pay, but that such deduction shall not be made during more than 35 years of service, and subsection 2 prescribes the procedure for making up the deficit where an officer becomes entitled to a pension and the deduction from his pay provided for in this section has not been made for as great a number of years as that upon which his pension is based.

After careful consideration I have arrived at the following conclusions, applying these provisions to the case in hand, namely, that the expression 'such deduction,' in subsection 1 of section 4, must be taken to mean 'a deduction towards making good the pensions' therein before mentioned, and is not confined to deductions at the rate of $5 per cent; that in subsection 2 of the same section the expression 'the deduction from his pay provided for by this section,' means the deduction at the rate of 5 per cent so provided for; that the officer in question having already, the time served in the civil service being counted, been subject to a deduction towards making good the pensions mentioned in the 4th section, that section does not admit of any further deductions from his salary, and the deficiency in the amount so far contributed by him must be made good so far as the circumstances allow in the manner provided by subsection 2 of section 4, by deductions to be made from his pension when he retires or is retired, allowance being made as provided by subsection 2 of section 17 for the deductions made from his salary under the Superannuation Act.

It will be seen that this involves the adoption of the method of procedure thirdly specified by you. When the officer comes to be pensioned a question may arise as to the method of allowing for the deductions made under the Superannuation Act.

I have the honour to be, sir, your obedient servant,

The Auditor General. E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, November 20, 1906.

SIR,—The Pension Act, 2 Edward VII., chapter 22, section 4, provides that if an officer is pensioned who has not paid the abatement on his salary for as great a number of years as that upon which his pension is based, a yearly deduction shall be made from his pension.

Section 17, subsection 2 provides that any superannuation abatements paid may be counted as part of the 5 per cent abatement required.

In what way are the above provisions being carried out? I do not find that anything has come to account from the officers pensioned. How do you consider these regulations apply to widows and children pensioned?

I am, sir, your obedient servant,

The Comptroller, R.N.W.M. Police. J. FRASER, *A.G.*

ROYAL NORTHWEST MOUNTED POLICE, OTTAWA, December 28, 1906.

SIR,—Referring to your letter of the 20th ulto., *re* Mounted Police Pensions.

Our practice has been to submit to the Auditor General, after a pensioning order in council has been passed, a statement showing the amount to which the officer is entitled, less the yearly abatement to be made under section 4 of the Pension Act, and, having arrived at an agreement of figures with your department, to pay the pension periodically. I have always assumed that the disposition, or charging up, of the amount of the abatement would be arranged between your department and that of the Finance.

The pensioned officers to whom section 4 of the Pension Act applies are:—

Supt. S. B. Steele, $37.22 p.a., or $3.10 per month for 27 years.
" A. H. Griesbach, $34.69 p.a., or $2.89 per month for 30 years.
" G. B. Moffatt, $35.41 p.a., or $2.95 per month for 22 years.
Insp. W. H. Irwin, $33 p.a., or $2.75 per month for 23½ years.

The deductions have always been made from the pension cheques issued from this office, but if you wish we will in future send you periodical statements showing abatements from pensions, in the same way that we do for officers still serving in the force; or, if you so desire, a cheque for the amount of the abatement, just as we forward you cheques for pension deductions. This is a matter entirely for your decision.

With regard to deductions from the pensions granted to widows and children. If you will refer to section 4, subsection 2, of the Pension Act, you will see that it provides that an officer's pension deduction shall continue to be made until the expiration of the number of years for which the 5 per cent deduction has not been made, or the cessation of the payment of the pension, whichever shall first happen. The death of the pensioner cancels the obligation implied by section 4. That is my interpretation of the Act, and I am sure that it represents the spirit in which it was framed.

Pensions to widows and compassionate allowances to children cannot, in my opinion, be considered as a continuation of the pension to a deceased officer. The two are separate and distinct.

In the preparation of our estimates for pension we always provide for the full amount of the pension granted, and I have taken for granted that the difference between the amount granted by Parliament and that actually paid, that is to say, the abatement under section 4 of the Pension Act, has been a matter of adjustment in your department.

Take, for instance, the case of Supt. Steele. We always estimate $1,080 for him, or $90 per month, whereas he only receives $86.90 for 11 months, and $86.88 for the month of June, or a total of $1,042.78, leaving $37.22 per annum to satisfy the requirements of section 4.

I have the honour to be, sir, your obedient servant,

The Auditor General. FRED. WHITE, *Comptroller.*
